Governance Improvement Proposal Issuance (GIP 3)

Date: 20th February 2020

Referral: Governance Policy for Agents on regards on Standards Event Agreements.

Disclaimer: This GIPI is integral part of the Governance Policy and Guidelines of CLAUDIA, it represents the Agent Policy for dealing with Standards Event Agreements at Off-Chain Interoperability Section and Disciplinary Code of Conduct for Agents.

AGENT POLICY (Version 1.0)

1. THE AGENT VALUES and CLAUDIA PRINCIPLES:

Any Agent, formerly, to initiate activities of commerce with CLAUDIA on its territory, she/he/it/they has/have to validate the principles and values of the core philosophy of CLAUDIA.

Advisory General Compliance Acceptance documentation and Advisory Incorporation shall be dully confirmed beforehand to respect the customer and enforce the Agent simultaneously.

2. THE FREEDOM OF CREATIVITY:

CLAUDIA is looking to scale other projects and businesses, but also as a mechanism for anyone to generate a regular basis income helping to spread the voice of collective intelligence of the world. CLAUDIA is aiming for sustainability design; hence the Agent can feel free to dispatch, design and/or promote the activities up to its sole discretion in benefit of the productivity of the actions and activities on the territory of implementation.

The Agent can propose and CLAUDIA will response, any idea and addition to the Standard Event Agreements, like flyers, cards or communication resources are possible, nothing is wrong if it is, formerly, requested and is able to be subject of extra-finance, but such premise it is not a natural consequence of a request for budget.

The Agent, further to governance respectfulness, has to fulfil the minimum tariff's parameters.

3. THE AUTOMATED RULES FOR SUBMISSION AND APROVALS:

Agent has to submit the proposal of new event at the Compliance Desk for approval and due submission to the DAO. After approval is confirmed the Agent is able to introduce improvements, additions and reporting the status of the Standard Event Agreement.

The Agent has to submit the proposal with a minimum of three days ahead of the opportunity to perform the Standard Event Agreement and once the agreement is confirmed, the period for the event development has to be fair enough to parameterize CLAUDIA and MvP accordingly. The Agent has to consider reputation as her/his/its/their reputation per se, and is able to receive new customers from CLAUDIA on its territory. The Agent's free will to accept or refuse events that are not directly approached by the Agent itself it is a premise for CLAUDIA. However, cannot veto the opportunity even if it is its territory.

Continuity is a must for any Agent and CLAUDIA promotes the spirit of continuity as such the quotation for the customer that the Agent repeats shall have a proportional discount per day of usage with which the Agent can assume as profit for the Agent or make any other beneficiary enrollment such as create campaigns or blogging.

The Agent is obliged to complete the training session before the event to be sure that any vulnerability and off-chain coverage is granted by the customer's Agent.

4. THE SPLIT CAPACITY OF THE AGENT:

Agent has the fee profit adjusted per each Standard Event Agreement, the split- basis are 50/50 with CLAUDIA treasury desk. Agent is able to decide the payment mechanism which preferable desires.

Agent is able to create strategy over the split with sub-agents or ambassadors or even with partners, but CLAUDIA would have the right to formerly audit any beneficiary beforehand with the aim to compliance and accountability.

5. THE TERRITORY OF ACTION:

The Agent is recognized to configurate a local or global strategy, local means within the territory of the Agent; and, Global means with other Agents outside of the primarily territory of the Agent. No Agent has exclusivity, however, the first Agent in a new territory has the obligation to manage a Council with the Compliance Desk of CLAUDIA and under the directorate of the CEO, If the first Agent is extinguished then the second Agent substitute within the Council and subsequently for rest of the lifecycle of that territory.

CLAUDIA

CUSTOMIZED KNOWLEDGE
